## Two RC Men Earn Licenses

SACRAMENTO (WNS) — Two Redwood City residents have qualified for contractor's licenses, the Contractors State License Board announced today.

Joseph A. Gross, 2429 Jefferson Ave., qualified for a painting contractor's license and C. L. MacFarlane, 812 Sixth Ave., qualified for an electrical contractor's license.

Both men will receive their license in 10 days providing there is no written protest against issuance of the licenses within that time.

## In Handling Edgings, Skirts GARDEN: Need Control

BY ROLLY LANGLEY

Sweet Alyssum can be used as the low edging for a border, and when kept within bounds, where you plant it, alyssum give long satisfactory performance. I've known folks, however, who planted it as an edging and found it spreading out of control. Of course these people let plenty of other things get out of control too. Alyssum was just more noticeable, because flowers which thrive so vigorously are the exception, not the rule.

You'll never have the trouble with alyssum escaping that you would find with dandelions for greens, or Bermuda grass planted for a spot getting particularly rough treatment. With these two, you really can have a problem.

Reminds me of the problem of the lady who got tar on a cotton skirt. She was the neat sort—simply happened to sit on a bench where her husband had rested a tar bucket, leaving a circle of the stuff.

Tar is harder to get rid of than a bad name, but this gal had a book of household hints (maybe you own a copy), which said the way to remove tar from cotton is to rub clean grease into it and let it stay for several hours.

So she followed directions and went about her business for several hours. Then she took a look at the back of her skirt. When she put the grease on, it was clean, but now she found it a dirty brown. She had started with a neat circle of tar, and now she had a large smear of dirty grease.

Grease is not the simplest thing to handle, so the bewildered woman went back to her book of household hints and looked up "Grease Spots, How to Remove."

The book said to sprinkle the grease spot with talcum powder and let it stand for several hours, then to simply shake the powder out, and the grease would have been absorbed and go with it. So she followed directions.

Out went the talcum powder and the grease, too. Only by following the book would she have arrived at this point. However, it turned out the color in the cotton skirt, at least enough of it, went out with the talcum and grease.

## Books at Public Library

**The Shining Mountains** by Dale Van Every. Matt Morgan dreamed of reaching the Rockies, called shining mountains by the men who pushed our frontiers West. Good adventure in the wilderness.

**Long After Summer** by Robert Nathan. Gentle, wistful tale of Cape Cod and the ill-starred romance of a lonely orphan and a fisherman's son. Brief but beguiling.

**A Clouded Star** by Anne Parrish. Harriet Tubman, called Moses by the slaves whom she led to freedom, is a real Civil War heroine of astonishing strength and tenacity of purpose.

**The Husband Who Ran Away** by Hildegarde Dolson. Here is a man who ran away from too much feminine managing. In New York he found his niche which brought him fame, so that when his wife caught up with him, he was a NEW man. Hilarious yet credible.

**The Running of the Tide** by Esther Forbes. The period of Salem's splendor in the full tide of its importance in American shipping is shown in this epic of the Inman family—whose sons were sea captains. A grand tale of men and ships and the women who waited for them, of twisted loyalties and wasted years. Overlong but fascinating.

**Practical Pottery for Craftsmen and Students** by R. H. Jenkins. Ceramics emerge here as a simple and relatively inexpensive hobby. Under these instructions, one can advance through the processes of building, casting, throwing, glazing and firing. Illustrated with photographs and diagrams and recipes for the potter.

**Book of Nature Hobbies** by Ted Pettit. More than 200 suggestions for rewarding outdoor projects—rock study, bird watching, snakes, turtles, insects and fishing. Each is made attractive, and may be conducted with a minimum of expense. Profusely illustrated.

**Handbook of Popular Antiquities** by K. M. McClinton. For the collector of the many small objects which can still be acquired with moderate financial resources and a good eye. Sparing of praise, it shows keen judgement in discussing tinware, buttons, tiles, shaving mugs, etc.

**Leathercraft** by R. L. Thompson. Christmas is a'coming on, and here is a book for amateur craftsmen. It explains tools, materials and operations in each project starting simply with a leather bookmark, and proceeding to wallets, book ends, purses and belts. Many illustrations make the directions clear and simple.

**Historic Models of Early America and How to Make Them** by C. J. Maginley. The things people use in their daily lives make these people real to those who come after. Here are diagrams and careful directions to make a ship, a plow, a cradle, colonial stocks and pillory. Tools and materials are indicated clearly.

## Agricultural Dept. Moves Into Building

The San Mateo County Agricultural Dept. has moved into its new quarters at Chestnut and Heller Sts.

The buildings, recently completed at a contract price of $41,966 by the contractors, Cattich Bros. & Stevenson, are to replace the old quarters of the department on Lower Broadway.

Agricultural Comsr. Max J. Leonard said that the property still is to be landscaped and a few other installations made. He expected the total cost of the new station to be about $43,000.

**The station is composed of four units on the block bounded by Chestnut, Pine and Heller Sts. and the Southern Pacific tracks. The spur track which runs along Chestnut St. cuts diagonally through the property.**

One of the units is an L-shaped office building at the corner of Pine and Heller. It consists of six offices, a large conference room and a laboratory. The construction is frame and stucco.

In back of the office building are two other frame buildings. One contains garages for three cars, a shop and a storeroom. The other is a larger warehouse.

### BUILDING BAROMETER

(Reported by Bldg. Insp. L. M. Duncan)

**BURLINGAME**

Arthur Bros., three residences, Burlingame Ave. and Plymouth Way, $8000 each; Theodore G. Meyer & Sons, four residences, Monte Covino Way, $11,000 each; H. J. Hardy, alter residence to apartment, 1232 Floribunda Ave., $10,000.

**REDWOOD CITY**

Arthur and Marcella Mizen, repair warehouse, 2088 El Camino Real, $20,000; C. A. Hillberg, duplex, 2525-27 Hacienda Ave., $16,500; Mitchell Miraglia, residence, 638 Capistrano Way, $12,000; Albert Bindi, residence, 632 Capistrano Way , $15,000; Robert Mattinson, residence, $16,500; T. J. Martin, residence, 523 Princeton Rd., $14,000; Newbridge Park Realty Co., apartment, 1453 Third Ave., $43,000; J. Henry Delaney, residence, 14 Mission Dr., $16,000; Robert A. Eisen, residence, 310 37th Ave., $7000.

St. Andrews Lutheran Church, church building, 1501 So. El Camino Real, duplex, 1301 Second Ave., $13,000.

## Boy Scout News

(Agency of Redwood City Community Chest)

Every adult scouter of the San Mateo County Area Boy Scout Council is invited to hear O. B. Evenson of the National Council Division of Operations when he speaks on Monday, Nov. 9, in St. Paul's Brewer Hall, Occidental Ave. and El Camino Real, Burlingame, at 8 p.m.

Evenson's presentation will be of great interest to every scouter who is sincerely interested in getting scouting to the boys, since he is the initiator and developer of the "double track" plan of district operation, and has done much to strengthen the program of scouting across the nation through the development of informative round table sessions and good district organization.

★ ★ ★

Have you ever considered taking your scouts or Cubs swimming during the winter months? A special offer has been made to the council by Sutro's of San Francisco and full information can be obtained by calling the scout office.

★ ★ ★

A meeting of supervising Den Mothers will be held at the home of Den Mothers Comrs. Mrs. Will Rogers, 143 Lincoln Ave., Redwood City, on Wednesday, Nov. 10, at 8 p.m.

★ ★ ★

Plans were made at the last meeting of Troop 150, San Carlos, for an overnight camp at Bean Hollow, Pescadero, which will be held in the near future. A snow trip which will take place some time in February was also discussed. Twenty-two scouts attended the meeting and two troop committeemen were also present. Scoutmaster W. M. Jackson welcomed four new candidates.

★ ★ ★

Dick Foley of Troop 154, San Carlos, received his second class badge from Scoutmaster G. K. Jones at last week's meeting and Bob Matson was awarded merit badges for home repairs and pioneering. Eighteen attended the meeting which was held at the scoutmaster's home.

★ ★ ★

The members of Troop 153, San Carlos, were entertained at their last meeting by A. Timbley who showed various educational picture slides. John Boyle and Walter Prindle were presented with the first class badge, and Harold Cooper the second class badge. Some advancement work was done. Thirty-four attended the meeting and this number included four troop committeemen, three visitors and three members of the Masonic Club which sponsors the troop. A troop committee meeting was held after the boys were dismissed. The troop recently held an overnight camp which was attended by 11 boys and two leaders.

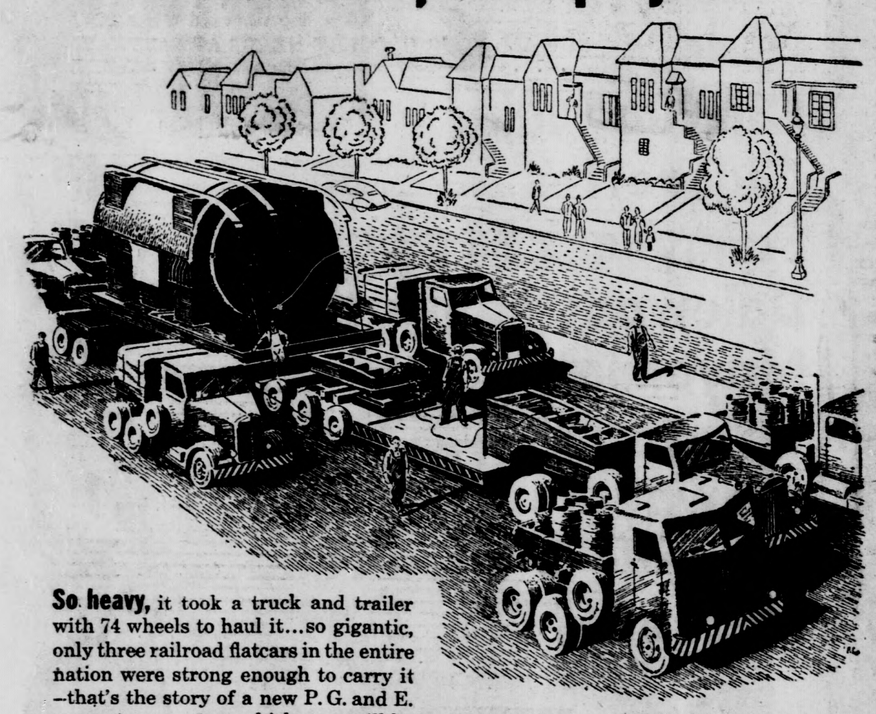
Scoutmaster Fred E. Davis of Troop 122, Redwood City, held an investiture ceremony for Tenderfoot Scouts Frank Comacho, Bob Barnes and Bernard Bruce last week. George Gooding and Bill Delucchi received their star rank. Over the weekend 11 scouts and three leaders went on a overnight hike.

District Comsr. Milton Gooding presided at the scout leaders' round table which was held recently in McKinley School, Redwood City. Coming events in the district and council were discussed and the necessity for every unit in the Southern Dist. to meet its 1948 membership objective was also brought up.

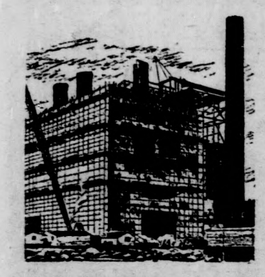
After the discussion, Chmn. George Cook of the leadership and training committee took over the meeting and presented training in the use of the three assistant scoutmasters, Scouting Magazine, Scout Leaders' Program Note Book and Boys' Life. A movie was shown on the use of these three assistants.

The Alps are not called "alps" in the region known elsewhere by that name, according to the Encyclopedia Britannica. There the term "alp" is used only to mean a high mountain pasture.

# One of nation's heaviest freight loads for P. G. and E. power project



**So heavy,** it took a truck and trailer with 74 wheels to haul it...so gigantic, only three railroad flatcars in the entire nation were strong enough to carry it—that's the story of a new P. G. and E. generator armature which soon will be helping turn out 149,000 electrical horsepower for Northern and Central California. One of the biggest ever built, this armature weighs 356,000 pounds (178 tons) and is 24 feet long, 12½ feet high. You see it here on the last leg of a 3,000-mile journey from the East.



**Its destination** was P. G. and E.'s Station "P" at Hunters Point in San Francisco, now being expanded to a capacity of 360,000 horsepower as just part of America's biggest power building program.

**Due on the line** within the next few weeks, the new generators at Station "P" will bring our total additional power since V-J Day to more than half a million horsepower. And still more is on the way!

For the record

Since wartime controls were lifted P. G. and E. has already spent more than $300,000,000 building new power...

...to rush facilities that will add nearly 2 million horsepower to California...

...with a program that is creating more than 7,000 new jobs here.

*Work never stops on our power-building program*

## How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
for Coughs, Chest Colds, Bronchitis

# FLOOD FIGHTERS

## How telephone people plan far ahead of emergencies to keep calls going through

**1. When wild water** breaks its bonds, telephone men get on the job fast to size up the damage and begin plotting their repairs. At the same time, if long distance circuits have been cut, your calls will already have been routed over other lines by the Traffic Control Bureau . . . often without your being aware of a delay.

**2. Emergency materials** like this are stored in special yards . . . set aside and reserved especially for disasters like floods and fires. They're assembled by fast-working crews and rushed by rail, truck or air to spots near the damaged area. They're then sent on by truck . . . and sometimes by boat . . . to the individual repair jobs.

**3. The trouble's remedied** . . . often while the water is still high. Some calls will be going through in a remarkably short time. For although problems like major floods and forest fires are infrequent, telephone people are always prepared to make teamwork match emergencies . . . to keep your telephone working well for you.

**4. Around-the-clock,** day in and day out, your telephone is ready to take your voice where you want it to go . . . quickly and dependably. And telephone men and women take pride in keeping it that way. Sometimes it takes an emergency to demonstrate the real value of a service so often taken for granted.

The Pacific Telephone and Telegraph Company

More than 70,000 people working together to furnish ever-better telephone service to the West

# HERE'S HOW ADS MAKE MONEY FOR YOU

USUALLY when you read or listen to advertising, you think only of the fact that it's trying to sell you something. And advertising's job certainly *is* to sell you something. That's what it's for.

But let's look at advertising in a broader sense. All the jobs and all the pay checks in America ultimately depend on people buying and selling. Yes, jobs depend on somebody selling something to somebody else.

So good, hard-working advertising is really the sparkplug of American business. And by stimulating business it makes jobs—more and better jobs for all.

In the last analysis, advertising does more than sell you something. It plays a big part in creating the job by which you get the money to buy.

So be glad there's plenty of advertising. Be glad Americans love to hear and read it. It plays a big part in American prosperity—a big part in making *your* job more secure.

Advertising... BY SELLING MORE GOODS TO MORE PEOPLE
Makes your job more secure

OTHER WAYS ADVERTISING HELPS YOU AND YOUR FAMILY

1 Brings you better goods for less money.
2 Makes shopping more pleasant and easier.
3 Gears consumer demand to production, to create prosperity.

## FUNNY BUSINESS

"Well, if the kid isn't going to sleep, I am!"

## Ex-Sequoian Serving in Japan

FIFTH AIR FORCE HEADQUARTERS, NAGOYA, Japan.—Sgt. Henry W. Chin, formerly of Redwood City, recently completed his 17th month of service with the Fifth Air Force in Nagoya, Japan.

Sergeant Chin attended Sequoia Union High School before enlisting in the Air Force.

He arrived in Japan to join Far East Air Forces in May, 1947, and was assigned to the dependent housing section at Fifth Air Force Headquarters.

His parents, Mr. and Mrs. Chin Pak Yick, and his wife, Mrs. Betty Mills Chin, now live in Oakland.

## Ravenswood Gets Green Flag Award

Ravenswood School received the green glag from Robert Moore of the county school superintendent's office at the seventh and eighth grade assembly last Friday. Susan Cook, student body president, received the emblem for a month free from accidents at school and at home by the students.

Bicycles were checked point by point for the students and where shown to be safe were given "O.K." tags.

Audiometer hearing tests are being conducted this week in the seventh, eighth and third grades at Ravenswood by the San Matec County Education Dept.

## Book Starts Fire At Garfield School

A book left on a heater in the sixth grade classroom of Garfield School burned Monday night, but Menlo Park Dist. firemen arrived in time to avert any further damage to the school.

The fire at the Redwood City elementary district school, Semicircular Rd. and Middlefield Rd., was reported at 7:02 p.m.

Menlo Park Dist. firemen also doused a small grass fire at the rear of the stables of Franklyn Downton, 260 Atherton Ave., Atherton, which was reported at 7:44 p.m. There was no damage.

## Contractor Loses Suit

A San Mateo contractor's suit for "extras" on a Redwood City GI home he built was dismissed in superior court here under terms of a finding by the State Contractors' Licensing Board.

Ward Tucker, the contractor, had sued Mr. and Mrs. Edmund Chasseur for $9750 more than the contract price of the house, according to Roy Seagraves, Burlingame attorney who represented the defendants.

The Chasseurs, meanwhile, charged Tucker with fraud and Louis F. Erb, hearing officer, conducted a series of hearings for the state board.

School days are never over for us!

Long ago we learned that folks like to shop in stores that serve them well. So we're always studying ways to keep our service the very best. This means constant training for all of us.

New members of the Safeway family receive basic training before they start to work in our stores. Then the *real* course begins. It takes continual study and practice to maintain the up-to-date knowledge and skills needed to give you fine service. Regular training for all Safeway men and women meets this need.

But there's more to Safeway service than the fact that our people are well-trained. Most important is our sincere desire to make each shopping trip pleasant for you. You'll see this in the friendliness and courtesy of the men and women who serve you in our stores.

Enjoy the finest in food service. Shop Safeway.

# New Members Names Told At Local BPWC Meeting

Vera Griffith, membership chairman, announced the names of six new members at last night's monthly business meeting of the Redwood City Business and Professional Women's Club at the Woman's Club here. Helen Harper, president, presided over the meeting which was attended by 32 members.

New members of the club are Philipa Lamonico, Bertha Bomberg, Martha Wittenberg, Nellie O'Connor, Mary Rawie and Elsie Graham.

Reports were given by delegates to the recent Bay district conference held at Asilomar.

It was voted to make a contribution to the hospitalized veterans' Christmas fund and to form a committee, headed by Vera Griffith, to raise money towards a BPWC building fund here.

A letter was read from Pansy Jewett Abbott, county superintendent of schools, thanking the club for its check for the School for Cerebral Palsied Children.

Vera Griffith and Anne Pahland, emblem chairman, announced that the November dinner meeting would be held on Wednesday at the Marie Antoinette in Menlo Park at 6:30 p.m.

Dorothy Storm, music chairman, reported that the Christmas party would be held at the Woman's Club on Dec. 8 at 8 p.m., following a short business meeting. Each member was asked to bring a gift to the party for "Santa" to distribute.

It was also announced that the book review section would not meet again until January.

# Two New Members Join Sequoia Yacht Club Auxiliary

Two new members, Miss Irene Clarke of Redwood City and Mrs. Hector Asturias of Burlingame, were voted into the membership of the Sequoia Yacht Club Auxiliary at Tuesday night's meeting of the group at the Yacht Club.

Freida Klevesahl, president of the club, showed colored motion pictures of the races and other activities in which the Sequoia Yacht Club has participated during the last year.

Following the business meeting, Mrs. Doris Fredlund was surprised with a baby shower by the members, who presented her with a bathinette and a bed jacket.

Members present were Mmes. Fred Rasmussen, Anna Nicoli, Amy Schoof, Mary Rudd, Lela Scales, Madeline Mervy, Viola Green, Lois Boos, Mary Dolan, Susan Clarke and Esther Deller of Redwood City; E. H. Packer, Donnabeth Baker and Lois Brown of San Carlos; Warren Holst and Inez Coykendall of Belmont; and Freida Klevesahl of San Mateo.

# Women of the Moose Hear Committee Reports

At the regular semi-monthly meeting of the Women of the Moose, Redwood City Chapter 601, held Tuesday evening at the Moose Hall, reports were heard from the chairmen of membership, Mooseheart alumni, publicity, social service and homemaking committees.

Social service and homemaking committees reported they are preparing baskets to be distributed to needy families in the community at Thanksgiving time.

They also reported that plans have been completed for the annual Thanksgiving dinner for the Moose, their families and their friends. The date will be Saturday, Nov. 20, at 6:30 p.m. at the Moose Hall. Anyone wishing tickets or reservations is asked to contact Betty Data at DAvenport 3-3176.

The library committee is sending a book to the children's library at Mooseheart, Ill., and is planning to place a book in the public library.

Kangaroo meat is considered a delicacy by Australian natives.

Kangaroos are vegetarians, and sometimes damage crops.

# 75 Club to Give Thanksgiving Dinner, Dance Saturday Night

Fifty couples of the 75 Club in San Carlos will attend a turkey dinner and formal dance Saturday at Cherington Hall. "When the frost is on the pumpkin . . ." will be the theme of this annual Thanksgiving dinner dance, which this year is called "Jack Frost."

At 7:30 p.m. the guests will assemble at tables decorated in green, white and silver. On each table a miniature pasteboard Jack Frost will be painting the green leaves with silver sparkle. A large Jack Frost will decorate the front of the hall with traditional glitter. Green and silver vines will be arranged on the pillars.

Sometime during the evening at a short business meeting officers for the coming year will be elected.

Mrs. Avon Brown is general chairman and she will be assisted by Ed Barnsley acting as co-chairman. Thelma Edwards has charge of the decorations and Betty Minto the arrangements. Also working on the committees are Lucille Harman, Harriet Cole, Betty Kolthoff, Reola Rinne, Janet Ogilvie, Spence Bendle, Louis Goss and Egon Strandberg.

# Helen Prendergast Entertains Carlosians at Meeting

Helen Prendergast entertained members of the Carlosian Club with two monologs when the club met for its regular monthly meeting recently. Mrs. Prendergast presented two monologs, one serious and one amusing.

Mrs. J. J. Hill, president, presided over the business meeting. Plans were discussed for the annual bazaar to be held in Laurel Hall Nov. 19 and 20. Mrs. Walter Hennessy, chairman of the doll booth, asked that all dolls be returned by Nov. 8 and Mrs. Clarence Rengstorff, chairman of the apron booth, stated that the aprons which many of the women are making can be left at Mrs. Hill's home, 777 Elm St.

Mrs. Lloyd Silva told the club that the children's Christmas party will be held Dec. 18 at the Central School auditorium. Santa Claus will be there to distribute gifts and candy, she said.

Hostesses for the evening were Mrs. F. G. Fink, chairman; Mrs. R. C. Murphy, Mrs. George Harmssen, Mrs. Hans S. Nissen and Mrs. Michael McDermott.

Guests were Mrs. Chester Sealund, Mrs. Wilbur Bishop, Mrs. J. B. Kellogg and Mrs. Ann O'Brien.

The club will hold its next meeting the first Tuesday in December. This meeting will be the annual Christmas party and each member will bring a gift to exchange.
